

School Survey

Your school/center has been selected to participate in the 2023 CherryArts Student Art Buying Program at the Cherry Creek Arts Festival!

How does *this involve you?* This summer three students from your school/center will have the option to meet professional artists virtually and purchase artwork, as well as attend the Cherry Creek Arts Festival on July 2nd, 2023. The art buying team would like to try to gain community input on what other students, teachers, and staff would like to see in our school.

Please help us in this endeavor by completing this quick five-minute survey with your classes.

Thank you for your help and contribution to the art buying process!

Directions: In the spaces provided, please write down the number of students interested in each of the listed areas.

Theme

What subject matter would you like to see in an artwork hanging in our school?

- _____ School/Center Spirit
